

National Integration Dinner

+++++

Welcome!

Tonight you will enjoy dinner and good conversation. The theme is 'Taste the Power of Differences'. The National Integration Dinner wants to show you that differences between people are worth exploring. Differences make us interesting and we can learn from them.

We can imagine it's hard to get started. Therefore, we give you a hand getting the conversation on the way. You can use these questions to get to know each other a little bit better.

We wish you a inspiring evening!

-  What's on the menu tonight?
-  What is your favourite food? Why?
-  What do you like most about your job?
-  What is your biggest dream?
-  Have you ever done something that was not allowed?
-  What customs / habits of other people don't you understand?

And after dinner.....

Connecting people + celebrating differences = creating chances

Tonight you are part of a huge event. Thousands of people are joining you at hundreds of locations throughout The Netherlands. We would like to share these moments with as many people as possible. That's why we ask:

-  Share your recipes. E-mail what you have prepared to info@nationaalintegatiediner.nl
-  Send us pictures. At www.nationaalintegatiediner.nl, you can upload your pictures. Try to upload high resolution pictures. Maybe your photo will make it into the National Integration Dinner cookbook.
-  Sign the Manifesto. On the National Integration Dinner website, you'll find the Manifesto. This tells you why we have organised this event. Do you agree with us? Leave your name and comment!
-  Do you have a smart phone? Tweet about tonight using #integratiediner and make us the trending topic. Tweet where you are, what you eat and include a picture!

On Facebook (www.facebook.com/nationaalintegatiediner) you will find much more pictures and updates. Look, like and share!
